MEMORANDUM FOR: Lt. General Donald V. Bennett, USA
Director
Defense Intelligence Agency

SUBJECT : WSAG Studies

Attached are two studies requested by Dr. Kissinger on Saturday, 8 April: one on Vietnamese Communist capabilities over the next three months, the other on Communist intentions over the same period. Both were drafted by the Agency and coordinated with DIA. I appreciate the assistance of your associates and their fine cooperation without which Dr. Kissinger's 10 April deadline could not have been met. I am sending copies to the WSAG principals (Dr. Kissinger, Messrs. Irwin, Rush, Nutter, Sullivan and Admiral Moorer) plus copies to you, Secretary Rogers, Secretary Laird and Mr. Odeen.

Richard Helms
Director
